CARDIO/STRENGTH

30-20-10
Targets all the components of fitness in one class! Half the class will be dedicated to a cardio format, 20 minutes will be dedicated to strength exercises, the last 10 minutes will involve stretching and flexibility exercises. All fitness levels welcome.

30-30
Half of the class will be dedicated to cardio format and 30 minutes will be dedicated to strength exercises. All fitness levels welcome.

ATHLETIC CONDITIONING
Build speed, strength and endurance, agility and coordination with high intensity, interval workouts, which involve a combination of cardio and strength training. Some elements of the class may take place outside. All fitness levels welcome.

YMCA BOOT CAMP - Expand your definition of a workout as well as your fitness in this 60-minute class packed with bodyweight exercises, short bursts of high intensity cardio, and a big dose of fun. All fitness levels welcome.

STEP CIRCUIT
This offers a total body workout, which aims to improve strength, aerobic fitness, speed, flexibility, coordination and balance. Overall fitness emphasis on legs, hips, and bums. All fitness levels welcome.

ZUMBA
This aerobic class fuses Latin rhythms, easy-to-follow moves and energizing music to create a high energy, calorie blasting, total body workout. This fun fitness class feels more like a "night out" than a workout at the gym! All fitness levels welcome. All fitness levels welcome.

HIP HOP
60-minutes of fun dance moves choreographed to contemporary pop music. This is a workout you will enjoy doing both in class and when you hear the songs come on the radio! Core workout at the end. All fitness levels welcome.

KETTLEBELL CARDIO TRAINING
Learn what is unique about kettlebells. This is your "all in one fitness". In our class we will truly touch all five components of fitness: cardio-respiratory efficiency, muscular strength, flexibility, endurance, and body composition. You will learn the very basics about kettlebell through a series of fun exercises that will make you want more! All fitness levels welcome.

TABATA
Small segments of high intensity training which include 20 seconds of work and 10 seconds of rest. All fitness levels welcome.

LIVE STRONGER, LIVE LONGER
To improve daily living skills through better balance, strength, flexibility, and agility. This class promotes progressive resistance where your training load increased as your muscles become stronger. Functional fitness test that will provide you with tangible evidence of your improvements. Strength training is the only type of exercise that can maintain muscle and metabolism as we age.

CARDIO/STRENGTH CONT.

STRENGTH CIRCUIT
This offers a total body workout, which aims to improve strength, coordination, and balance. The use of Body weight, dumbbell, and kettlebell are equipment use to meet your fitness needs. All fitness levels welcome.

KETTLEBELL EXPRESS
Suitable for all levels. Class includes cardio, strength, and flexibility segments. Warm-up, work out, cool down/stretch 5/30/10 format makes the most efficient use of your time and you’re done in just 45 minutes! Studies have shown that Kettlebell training is highly effective for weight loss and increasing muscle tone and strength. Look better and feel better!

HIIT Conditioning Express
Suitable for all levels. High Intensity Interval Training (HIIT) is the “Fountain of Youth” of the exercise world and has been proven to be the most effective form of exercise training for cardio health, weight loss, and conditioning. Increases your strength, stamina, flexibility, and agility.

MIND/BODY

ALL LEVELS YOGA
Instructor of the postures encompass a comprehensive alignment-based focus, appropriate for beginners and those who want to deepen an already existing practice. All fitness levels welcome.

CHAIR YOGA
A gentle form of yoga that is practiced sitting on a chair, or standing using a chair for support. The chair allows greater stability to help you feel supported and safe. All fitness levels welcome.

MULTI-LEVELS YOGA
A yoga class that is suitable for all ages and levels of fitness! Whether you are a beginner to the practice or have been taking yoga for years, this class is appropriate for you! All fitness levels welcome.

POWER YOGA
Take your body and mind on a challenging adventure! Get your heart pumping as you move rapidly through poses while stretching and strengthening your muscles

POWER VINYASA YOGA
A combination of Vinyasa and Power Yoga. This is a challenging class but can be adapted to accommodate all levels. All fitness levels welcome.

SCULPT
When muscle meets yoga, Sculpt is born. Boost metabolism and build lean muscle mass as you move to upbeat tracks. You will combine free weights with power yoga while mixing in strength training moves like squats, lunges, and bicep curls. All fitness levels welcome.

WATER FITNESS

WATER INTERVAL TRAINING
A total-body water workout including intervals and endurance training all in one class. This class is sure to push your fitness level across the board. We keep it fun and focused for the full class. All fitness levels welcome.

WATER WORKS
All Water Classes are either 60 or 45 minutes. Each class will encompass: 1) Gradual warm-up with a brief stretch; 2) Aerobic work using shallow and/or deep water to strengthen the heart and lungs (options and modifications will be offered throughout class). 3) Strength & balance to help reduce the risk of injury (tools may be used) and 4) Flexibility work on all the major muscle groups for increasing range of motion and reducing the risk of injury. All fitness levels welcome.

AQUA FLEX/ BALANCE
Low impact water class to maintain or increase range of motion and muscular strength. May provide a base to meet other conditions such as arthritis, fibromyalgia, and joint replacement. All fitness levels welcome.
